Public Advisory

Several banks and Law Enforcement agencies have reported the following scam in surrounding areas. Bank customers received a text over the past week stating that their Debit Card had been locked and requested they call 337-552-2049 to unblock. A computerized voice instructs the account holder via telephone that their account has been blocked; at which time, it directs them to start by entering their 16 digit account number to unlock their account.

This is a scam and giving your account number will give the scammer access to your account.

****If contacted, please do not respond to the text or if contacted via telephone services please disconnect.****
